Portfolio · GitHub · agentic-titan · ORGANVM System

PROFILE

Sole architect of a 113-repository system across 8 GitHub organizations: 82K files, 23,470 tests, 94 CI/CD pipelines. Built and enforced a promotion state machine (LOCAL → CANDIDATE → PUBLIC → GRADUATED) with automated validation, schema contracts, and cross-org dependency rules — directly analogous to payment state management. Builds Python and TypeScript platform infrastructure with strict correctness guarantees. Meta Full-Stack Developer.

TECHNICAL SKILLS

Python · TypeScript · Node.js · State Machines · API Design · YAML/JSON Schema · Zod · Validation Pipelines · GitHub Actions · CI/CD · Docker · pytest · Vitest · CLI Tooling · WebSocket · Redis · Express · React 18 · pnpm Monorepos · GCP / Terraform · Nginx · Git · ruff · Claude Agent SDK

SELECTED PROJECTS

ORGANVM Promotion State Machine — Cross-Org Platform Infrastructure
Forward-only state machine (LOCAL → CANDIDATE → PUBLIC → GRADUATED) enforced across 113 repositories: typed schema contracts (seed.yaml), validation gates, automated dependency checks, and governance-rules.json enforcement. 94 CI/CD pipelines. No state skipping. TypeScript + Python.

Application Pipeline — YAML State Machine & Validation Engine
Python CLI suite: YAML state machine with strict forward-only advancement, 9-dimension validation rubric, schema guards, preflight checklist, Greenhouse API client, and batch processing. 79 commands, 23,470 tests across the system.

agentic-titan — Multi-Agent Orchestration System
TypeScript multi-agent framework: 18 development phases, 1,276 tests. Task decomposition, parallel execution patterns, and structured reliability guarantees. Built for correctness in production environments.

agent--claude-smith — Claude Agent SDK Integration
TypeScript agent on Claude Agent SDK: session persistence, self-correction hooks, structured tool invocation, MCP protocol. Designed for reliable autonomous multi-step execution with explicit validation at each stage.

Portfolio — Astro 5 Static Site with Quality Ratchet
Committed quality governance policy (JSON), quality-ratchet CI gate enforcing README values match policy — same pattern as immutable ledger constraints. D3.js visualizations, 20 case studies, Pagefind search.

EXPERIENCE

Independent Software Engineer & Platform Infrastructure Builder — 2020 — Present

- **State Machine Design:** Built forward-only promotion state machine across 113 repos with typed schema contracts, automated validation gates, and governance-rules enforcement — no state skipping, no silent failures.
- **Validation Pipelines:** YAML schema validation, preflight checklists, 9-dimension scoring rubric, verification matrix (117/117 modules), CI gates enforcing correctness before any state transition.
- **Platform Infrastructure:** 128 GitHub Actions workflows (18 reusable templates), 94 CI/CD pipelines, cross-org dependency validation, automated promotion and audit trails across 8 GitHub organizations.
- **API & CLI Tooling:** Python/TypeScript CLI tools with Greenhouse API integration, YAML pipeline orchestration, batch enrichment, and structured error handling with fail-fast validation on invalid inputs.

Instructor — Composition & Writing — 2015 — Present

Miami Dade College, Keiser University, Nova Southeastern, FAU, Young Harris, Tarrant County, Broward, Palm Beach State

- 100+ courses across 8 institutions; 2,000+ students. Translating complex constraint systems into clear written contracts — a direct parallel to API documentation and schema design.

Digital Marketing Manager — 2023 — 2024

Miami Dade College Foundation (nonprofit)

- Rebuilt foundation website and campaign infrastructure; designed donor journey pipelines increasing engagement by 32% through structured conversion-funnel optimization.

Multimedia Specialist — 2011 — 2020

AJP Media Arts — clients incl. Boca Ballet Theatre, Forward Funding, Arts in Boca

- Video, audio, and visual campaign systems for nonprofits and arts organizations; 17.5M+ views, $2M in fundraising outcomes tracked through structured reporting pipelines.

EDUCATION

M.F.A. Creative Writing, Florida Atlantic University — 2015 — 2018
B.A. English Literature, CUNY College of Staten Island — 2010 — 2014
