**PROFILE**

Reliability-focused software engineer who built a 113-repository ecosystem governed by self-healing state machines and automated coherence audits. Sole architect across 8 GitHub organizations — 82K files, 23,470 tests, 104 CI/CD pipelines — with cross-repo guardrails ensuring zero-drift consistency at scale. Practitioner of an AI-conductor methodology: human intelligence directing AI-generated volume through structured validation gates. Full-Stack Developer (Meta). 18 years professional experience. LGBTQ+.

**TECHNICAL SKILLS**

TypeScript · Python · Node.js · Docker · Redis · Nginx · CI/CD · GitHub Actions · Vitest · pytest · CLI Tooling · Git · Claude Agent SDK · Zod · YAML/JSON Schema · Express · WebSocket · React 18 · GCP / Terraform · pnpm Monorepos · Vite · Astro

**SELECTED PROJECTS**

**ORGANVM Eight-Organ System — 113-repository Reliability Infrastructure**
8 GitHub organizations, 82K files, 23,470 tests, 104 CI/CD pipelines. Self-healing cross-repo protocol enforcement, automated dependency validation, promotion state machine with forward-only gated transitions. 128 GitHub Actions workflows (18 reusable templates). TypeScript + Python.

**agentic-titan — Multi-Agent Reliability Framework**
TypeScript multi-agent framework: 1,095+ tests, 18 development phases. Stateful retries, self-correction hooks, and structured execution patterns designed for reliability under non-deterministic conditions.

**Application Pipeline — Verification & Validation Suite**
Python CLI tools with 700+ tests: verification matrix enforcement (117/117 modules), signal validation gates, schema coherence audits, URL liveness checks, staleness detection. Self-healing pipeline state machine with automated regression checks.

**Omni-Dromenon Engine — High-Availability Real-Time System**
TypeScript pnpm monorepo: Express/Socket.io core, 1,000+ concurrent participants, <2ms P95 latency. Docker/Redis/Nginx deployment with graceful degradation and event-driven state consistency. Open-source MIT.

**agent--claude-smith — Self-Correcting Agent System**
TypeScript agent built on Claude Agent SDK with session persistence, self-correction hooks, and structured tool invocation. Observable execution traces for autonomous multi-step engineering tasks.

**EXPERIENCE**

**Software Engineer & Reliability Systems Architect** — 2020 — Present
*ORGANVM*

- **Reliability Engineering:** 23,470 tests and 104 CI/CD pipelines ensuring cross-organization coherence across 113 repositories — self-healing validation, automated dependency audits, and zero-drift deployment guarantees.
- **CI/CD Infrastructure:** 128 GitHub Actions workflows (18 reusable templates) with promotion state machine gating all transitions. Automated regression detection and cross-repo protocol parity enforcement across 8 GitHub organizations.
- **Observability & Verification:** Verification matrix enforcement (117/117 modules), signal validation gates, URL liveness monitoring, staleness detection, and self-healing reconciliation for pipeline state consistency.
- **LLM Orchestration:** Multi-agent systems with Claude Agent SDK (agent--claude-smith), agentic-titan framework (1,095+ tests) with stateful retries, self-correction hooks, and observable execution traces.

**Instructor — Composition & Writing** — 2015 — Present
*Miami Dade College, Keiser University, Nova Southeastern, FAU, Young Harris, Tarrant County, Broward, Palm Beach State*

- 100+ courses across 8 institutions; 2,000+ students. Systematic feedback methodology, technical communication, and structured documentation practices.

**Digital Marketing Manager** — 2023 — 2024
*Miami Dade College Foundation (nonprofit)*

- Rebuilt foundation website with reliability-focused architecture; designed data-driven fundraising campaigns increasing donor engagement by 32%.

**Multimedia Specialist** — 2011 — 2020
*AJP Media Arts — clients incl. Boca Ballet Theatre, Forward Funding, Arts in Boca*

- Video, audio, and visual production pipelines for nonprofits and arts organizations; 17.5M+ views, $2M in fundraising through multi-channel delivery systems.

**EDUCATION**

**M.F.A. Creative Writing**, Florida Atlantic University — 2015 — 2018
**B.A. English Literature**, CUNY College of Staten Island — 2010 — 2014

**CERTIFICATIONS**

Full-Stack Developer, Meta (2024) · UX Design, Google (2023) · Digital Marketing, Google (2023) · Project Management, Google (2023)
